A Guide to After School Clubs for September 2025

At All Saints we are proud to offer a wide range of after-school clubs for the children. This enables the children to learn, develop and express themselves in a safe, supportive environment. The children build new friendships and enjoy spending time together.
From September 2025 we are able to offer the following clubs to the children. Each of our clubs will cost £8.50 per child, per session. There is a compulsory membership fee of £8.00 as a one off payment per child.

Dance (Mondays all year groups)
The children are given the opportunity to learn *street dance*. The children also naturally develop their physical strength and coordination. The classes cater for children in all year groups with the junior dance class being followed by a mini-dance class on a Monday afternoon. The children have in previous years gone on to perform at the Theatre Royal in the Annual Integr8 Dance Off Event.

Young Explorers (Monday all year groups)
This club will offer the children an opportunity to explore and experiment with many different topics whilst making a journal along the way. The children will visit the topics of science, history, geography, nature and complete activities linked to these topics. The activities and possibilities are endless.

Cookery (Tuesday all year groups)
Cookery Club has now been running for a number of years and continues to be very popular. The children have the opportunity to cook a wide range of recipes such as; Thai green curry, bakes and fruit salad! The children learn all about where our food comes from, how it is produced, stored and how it reaches our kitchen. This club allows the children to start with basic ingredients to prepare and then produce something tasty to either take home or eat on site (depending upon the recipe).

Chess (Tuesday Year 2+)
Chess Club is another popular club and has been running for over fifteen years. The children learn the skills required to play chess and in-house tournaments are held during the school year. The children also have the opportunity to play against our volunteer helpers from Winchester College to challenge and develop their skills. The children take part in the Delancy Chess Championship each year, which runs nationally.

Football (Tuesday Year 3-6)
The children have the opportunity to develop their dexterity, develop their dribbling skills and play in-house football matches. The children also develop the discipline and sportsmanship required for sport. Our school hosts a football tournament during lunchtimes and the children attending this club have signed up to play along with other children in school.

Art and Crafts (Wednesday all year groups)
Art Club has also been running for over nineteen years. The children have the opportunity to use many different art materials, such as paint, chalk, clay, ink, fabric pens etc. They also get to make something different most weeks to take home. This club allows the children to be creative and develop their artistic skills. We also, in the summer months, use the outside space to do art. The children also have some free flow art sessions and to use a range of materials to be creative.

Construction (Wednesday all year groups)
Construction Club is an opportunity to come and build using a range of construction toys such as Lego, Knex, den building outside when possible, blocks and much more. The possibilities are endless! Castles, spacecraft….. This is also the perfect club to build friendships through play.

Thursday Sports Club (all year groups)

In this club the children learn about the different Olympic sports and have the chance to play them. The children get to experience team sports and competitive sports games. This club mixes all year groups and enables the children to make friends throughout the whole school. The children will play outdoors as much as the weather will allow.

Friday Free Flow Club (all year groups)
The children will be able to have a free flow session and play independently. There will be the opportunity to play outdoors when the weather is good.

If your child joins our sports/dance club they will need to bring their P.E kit to school on the day of their sports/dance club. If you have any questions regarding after school clubs, please contact me at the school office on 01962 853179 between 9am and 11.45am.
