Our Mission

To inspire all children at All Saints Church of England Primary School to be resilient, confident and curious learners and nurture their development to ensure every child can succeed and make a positive contribution in an ever changing world.

Pupil Voice

Our children are confident communicators who are able to express their thoughts and opinions and respond to others respectfully. By being immersed in rich learning experiences they develop and apply a breadth of rich vocabulary in a range of contexts.

Building Identity

Through our curriculum, which journeys from 'hook to outcome', children develop their relationship with their world, valuing their past, present and future selves in our community, as well as looking beyond one's self to the wider world and the spiritual. Children understand the importance of looking after both our physical and emotional health. Our children are resilient and confident individuals who know how to keep safe.

Challenging Minds

Purposeful experiences are designed to ignite curiosity, create memorable moments and to support spiritual development in the pursuit of knowledge. Children are encouraged to question, challenge and think creatively to increase their understanding and appreciation of the world around them and each other.

Making Pathways and Links

Our curriculum builds on prior learning, inspiring pupils to search for meaning and understanding of the world in which they live. It is responsive to local national and global contexts. All children experience a broad and balanced curriculum. Work is carefully planned to ensure support, scaffold and challenge.
