Dear Parents and Carers

Well done to Year 4 for their confident and engaging Sharing Worship this week. We particularly enjoyed hearing the poem about Malala Yousafzai , the courageous advocate the class are learning about. There were some amazing 'shoe' sketches shared as well. Well Done Panda Class!

Year 5 Winchester Science Centre visit
Snow Leopards spent a fantastic and informative day at the Science Centre learning all about Space this week. The class had fun exploring the hands-on exhibits and were able to talk about what they saw using scientific vocabulary. The Planetarium taught them all about the planets, solar system, constellations, the universe, galaxy, black holes and supernovas. After lunch, the class participated in a Rocketship Workshop, where they got the opportunity to make replica rockets and attempt to launch them. The children began by designing the shape and 'add-ons' to their plastic bottle rockets thinking carefully about aerodynamics. Snow Leopards learnt new vocabulary such as 'rapid combustion', 'reaction' and 'kinetic energy'. They then experienced real 'wow' moments as the rockets were launched by using methylated spirits to replicate rocket fuel. The rockets were then shaken to turn some of the liquid into a vapour, the liquid was poured away and the vapour was set on fire. The 'whoosh bottle rockets' all launched successfully. The class represented the school beautifully and a super day was had by all!
